GUANGDONG OSHUJIAN FURNITURE CO., LTD

PASSENGER SEAT

OSHUJIAN
PUBLIC FURNITURE

SJ9079G

Seat & Back : 28mm thick high-density polyurethane (PU) cold foaming, (lined with high-quality support steel frame) molding.

Armrest & Leg : It adopts aluminium alloy die-casting molding, and the large-scale precision-casting mold is directly polished after die-casting and treated with powder spraying.

Anti-pinch design : A more reasonable gap is adopted between seat and back, and between the seat plates, effectively ensure the safety of passengers when sitting and avoid unnecessary accidents;

Beam : High intensity hexagonal metal tube, with superior load-bearing capacity and stability
